SIR:

The following is a statement of the substance of the telephone interview conducted between the undersigned Applicants' representative and the Examiner on October 22, 2008 concerning the above-identified application.

The undersigned Applicants' representative contacted the Examiner for a clarification regarding whether the Examiner would search new species if a Request for Continued Examination ("RCE") was filed.

The Examiner has consulted TC Quality Assurance Specialist Chris Fiorilla and informed the undersigned Applicants' representative that the non-elected species presented in the response after the Final Rejection would not be searched and that if Applicants wish the Examiner to examine the non-elected species, Applicants must file a divisional application.
